Fire Department News

Hamilton Fire & Rescue responded to 317 incidents in 2015, which is 7% less than 2014 incident volume.

Al Slotman has retired from Hamilton Fire & Rescue after giving 27 years of service to our community. We wish Al the best and thank him for his years of service.

We welcome to Hamilton Fire & Rescue, Brad Kerber. Brad comes to Hamilton from Hopkins Fire & Rescue. We welcome Brad and his family to our community.

Chris Nyhof, Jacob Rowe, Cory Heuer and Brad Kerber have just completed and graduated from the EMT Class, which was sponsored by Hamilton Fire & Rescue and taught by AMR, at the Hamilton Station.

We have reach an agreement with AMR to teach our continuing education classes. AMR will also keep our Basic Life Support license current, and up to standard with the State of Michigan.

As we look to the future, we continue to see improving working relationships with our surrounding Fire Departments. Many times in discussions with the other Chiefs the topic of how can we better service our community together comes up. Finding ways to share resources is the common goal.

Please remember to change your smoke detector batteries. Working smoke detectors save lives. A few weeks ago Hamilton Fire ran a call of a house fire. On arrival the attached garage was fully involved. The young lady who called in the fire stated that she was watching TV when the smoke detector went off near the door to the garage. She opened the door to the garage, saw flames, and called 911.

Please review the attached Burning Ordinance for Sections 5 & 6 in Heath Township.

If you have rental property in those Sections you must inform your renters. You will be billed as the property owner. As the weather gets nicer there will be no exemptions to the Ordinance. Please follow the Township Clean Up Day for dumpster usage.

Respectfully,

David Haverdink, Chief
Hamilton Fire & Rescue

Assessment News

Another assessing cycle has passed and you will soon be receiving your 2016 tax bills. Since Proposal A passed in 1994 your taxes are based on taxable value not the assessed value. Assessed value changes based on the real estate market, new construction on your property or any other changes made to your property.

Taxable value changes by the previous 12 month consumer price index or 5% whichever is less. It also changes by anything new added to your property or by the sale and purchase of your property. For 2016 the consumer price index is 1.003% so you should see about a 1.003% increase in your taxes unless millage rates change.

The taxable value is controlled by State Law and cannot be changed by the Board of Review or Assessor unless the assessed value goes below the taxable value.

The Township has added an assistant to the assessor. We will be continuing to do site visits to properties on a regular basis to try to eliminate inequities and comply with State Law. We will notify you prior to the visit to your property. For your information her name is Lisa Freeman, so if she contacts you by mail or phone please work with her as we need to do this process based on State of Michigan requirements. As time passes Lisa will be transitioning to the Township Assessor. This will be phased in over the next year.
